

## PUNTERS CLUB RULES 2014

- The cost is **\$100 per player**. Punters will be allocated a weekend to place their bet and when it is your turn to bet you must place and pay for your bet, *which we will hold and display*, on that weekend (**we will take no money in advance from anyone**).
- Punters who join up, **commit themselves** to placing and paying for their bet on their weekend, swapping weekends amongst team mates is fine just let us know so we can change the board, in the event of a punter not placing their bet, the end result will be worked out on a per average basis.
- Racing, Sports, Multi's, Fixed Odds and All Up Betting are all allowed. **Bets must be placed before the first NZ Race on the Saturday at the Eastside Tavern TAB**, and be for races/events that finish that weekend. (I.e. no futures betting.)
- Each week we will have a running total of all teams' progress and at the end of the round, the winning team will receive the coveted "Eastside Tavern & TAB Punters Club Trophy" a **\$200 Bar Tab** & bragging rights for the whole of the next round.
- At the end of the round, each team's money will be dispersed equally back amongst themselves in the form of a betting voucher.
- At the end of each round the Punter with the highest individual collect will receive a **\$100 Bar Tab**.
